360 Message Board - YouTube

I need to change the oil pan so I bought a OTC 3 point engine support so I can remove the engine cradle. I found a picture in the service manual that looks like the suggested connection point sare the two small diameter bolt holes at the bottom of the alternator. it appears you remove the alternator and put in some shorter bolts. They are fairly small.

Where to connect engine support to engine?

A licensee: [Reference: General Information & Policies] a. must register every three years to practice in New York State. b. is required to notify the Department of a name or address change within 30 days of the change.
