Michael Jackson

Dancing the Dream is filled with Jackson's sagacity, he touches the fundamentals of the soul experience. Jackson is not merely giving out an advice; he's proposing the issue, the solution, and the outcome. He differentiates between self-image and self-actualization in "Innocence".

Dancing the dream is a glimpse into the soul of Michael Jackson. It's a must have for any fan. It gives you a MUCH MUCH MUCH better idea of who he is than his 'autobiography' Moonwalk (which was little more than a recounting of his career). This book shows you the idealistic, perhaps naive, and sometimes sappy core of Michael.

"DANCING THE DREAM" "Dancing the Dream" is a book, that Michael Jackson wrote himself and wich contains Poems and Reflections. Through this book he shows you his personal view of life and his spiritual development. For me it's the best book I had ever read, because one can read so much between the lines.
