### **Fiat Twin Air Engine**

Fiat's TwinAir engine is an Straight-twin engine designed by Fiat Powertrain Technologies as part of its Small Gasoline Engine family — employing Fiat's MultiAir hydraulically actuated variable valve timing and lift technology. Offered in a variety of FCA vehicles in turbocharged and naturally aspirated variants, the engine is noted for its reduced size, weight, fuel consumption and CO2 emissions. In the 2011 International Engine of the Year awards, the 875 cc TwinAir won Best ...
