OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Honeywell Fs90 Manual

FS90 can be a data gathering panel in systems such as the DeltaNet Micro Central/DeltaNet Plus, DeltaNet Building Supervisor—Integrated, and DELTA 1000 by addition of a Communication Board and the necessary interconnect wiring. If communication with the higher-order system is lost, FS90 independently continues its fire and security functions. C49-3
