The Sustainable City Vi Urban

Description. This book contains papers presented at The Sustainable City 2010 conference, which was the sixth edition of the International Conference on Urban Regeneration and Sustainability. That event followed the very successful meetings held previously in Rio (2000), Segovia (2002), Siena (2004), Tallinn (2006) and Skiathos (2008) and proved one more time the necessity of this scientific forum to discuss the challenging situations that the urban areas are confronting nowadays.Innovative ...
