Words and Rules: The Ingredients of Language: Pinker ...

Words and Rules is a real page turner. Who knew that irregular verbs could be so fascinating? But, like many Steven Pinker books, Words and Rules drags on a bit. Pinker wants to explain every facet from every angle until all the sing-sang-sungs start to blend into one big blob and I wished for the book to end.

Words and Rules: The Ingredients of Language by Steven Pinker

Words and Rules: The Ingredients Of Language Steven Pinker Here, Pinker explains the mysteries of language by examining a single phenomenon, regular and irregular verbs, from a dozen vantage points.

Words and Rules: The Ingredients Of Language (Science ...

Words and Rules: The Ingredients of Language is a 1999 popular linguistics book by Steven Pinker about regular and irregular verbs. "Words and rules" is a theory that has been predominantly developed by Pinker. It has been popularly contextualized within the so-called "Past-Tense Debate," which was sparked by Rumelhart and McClelland's 1986 connectionist model of the production of regular and irregular verbs. In essence, the Words and Rules theory states that past-tense forms of verbs arise from
